RE: Pharmacy Cost of Dispensing Survey

EFFECTIVE: Upon Receipt

Background:

During the 2013 Iowa Legislative session, the 85th Iowa General Assembly enacted the requirement that DHS base the actual dispensing fee on the cost of dispensing survey performed by the department. All pharmacies participating in the medical assistance program are required to complete the survey every two years beginning in State Fiscal Year (SFY)14 to SFY15. Any dispensing fee expenses, required to be submitted under Senate File 446, that specifically identifies a pharmacy or a provider's individual cost will remain confidential. Any change to the dispensing fee requires that the department obtain approval from the Centers for Medicare and Medicaid Services (CMS) through the state plan process.

Process:

The IME has contracted with the firm of Myers and Stauffer LC to conduct a dispensing cost survey. Myers and Stauffer is a national accounting and consulting firm that specializes in assisting state Medicaid agencies in a multitude of health care provider settings. Instructions for completion of the cost of dispensing survey will be included with the survey packet to be mailed in February 2018.
